**DETAILED ACTION**

***Examiners Amendment***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiners amendment was given in a telephone interview with Scott Krieger on November 2, 2007.

The Application has been amended as follows:

Claim 2, line16, "difference" has been changed to "the sum of the difference".

Claim 11, line 13, ";" has been changed to ", wherein said distance match metric is related to the sum of the differences between corresponding candidate illuminant color gamut histogram values and image color gamut histogram values;"

***Allowable Subject Matter***

Claims 1-3 and 5-16 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior art of record fail to teach or suggest, "a method or system for estimating an image illuminant that generating color gamut histograms from each of color gamut model from candidate illuminants and image color gamut and determine distance match metric from the sum of the differences between corresponding illuminant color gamut histogram values and image color gamut histogram values and selecting an image illuminant from said plurality of candidate illuminants based on said distance match metric" recited in independent claims 1, 2, 11, 12, 15 and 16 in combination with the other features of the claims are not recited or suggested by the prior art of records.

Claims 3, 5-10, 13 and 14 are allowed because they are depended on above independent claims.

Any comments considered necessary by applicant must be submitted no later than payment of the issue fee and, to avoid processing delay, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reason for Allowance."
